

Pure[®] 2 Edge

Premium edge-to-edge tempered glass.

BodyGuardz Pure 2 uses a rare family of glass called aluminosilicate to reduce scratch visibility and improve after-scratch strength, as compared to traditional soda-lime glass. The edge-to-edge design extends coverage to the edge, closing the gap most protectors leave open between the case and screen protector. Pure 2 Edge is compatible with all premium cases on the market.

FREE Lifetime Replacements

SRP \$45.00 - \$50.00
