

New for 2020

# Ultra-Fresh<sup>®</sup> Antimicrobial Technology

## What is it?

Ultra-Fresh is a coating that inhibits the growth of bacteria on BodyGuardz cases and screen protectors. It also keeps products fresher, cleaner and more durable for the life of the device.

## Quick Facts

- Available fall 2020 on all BodyGuardz cases and screen protectors
- Available fall 2020 on AT&T branded screen protection
- Reduces 99% of bacteria growth on the surface
- Lasts for the lifetime of the case or screen protector
- Coating is hardened during application

## Stops 99% of bacteria growth such as:

- Salmonella
- E. coli
- Staphylococcus

Ultra-fresh,  
ultra-clean,  
ultra-protective.
